

include/Perceus/Data
/Vertex.h

```
graph TD; A["include/Perceus/Data/Vertex.h"] --> B["Color.h"]; A --> C["Vector.h"];
```

The diagram illustrates a header file inclusion structure. At the top, a grey rectangular box contains the text 'include/Perceus/Data/Vertex.h'. Two blue arrows originate from the bottom edge of this box. The left arrow points to a white rectangular box labeled 'Color.h'. The right arrow points to another white rectangular box labeled 'Vector.h'. This visualizes that the 'Vertex.h' header file includes both 'Color.h' and 'Vector.h'.
